

THE GUELPH ENABLING GARDEN

The Guelph Enabling Garden is a unique and special therapeutic garden located in Riverside Park that benefits people of all abilities.

We will be installing more bricks in the part of the Garden on the other side of the Spiral. SO – if you want to order a brick, feel free – there will soon be room for a *lot* more bricks. The only issue is that bricks sold for the new section will not be installed until the late summer of 2011. If that's not a problem, send your order in, and we will save you a space in the new area. We already have orders for this area!

Thank you all for the super support that has brought us to stage 2 of the Campaign!!!!
